

Hazardous Waste Rules Update-Waste Management Program

November 7, 2019

Rules in Development

- The Environmental Protection Agency (EPA) promulgated the Hazardous Waste Generator Improvements Rule on May 30, 2017,
- The Safe Management of Recalled Airbags on November 30, 2018.
- The Management Standards for Hazardous Waste Pharmaceuticals and Amendment to the P075 Listing for Nicotine on August 21, 2019.

Rules in Development

All three rules need to be incorporated into the Department's Hazardous Waste Rules under Title 10, Division 25.

Eight of the rules in Chapters 3, 4, 5, 7, 11, 12, and 16 will need to be amended.

Rules in Development

- 10 CSR 25-3.260 Definitions, Modifications to Incorporations and Confidential Business Information
- 10 CSR 25-4.261 Methods for Identifying Hazardous Waste
- 10 CSR 25-5.262 Standards Applicable to Generators of Hazardous Waste
- 10 CSR 25-7.265 Interim Status Standards for Owners and Operators of Hazardous Waste Treatment, Storage, and Disposal Facilities

Rules in Development

- 10 CSR 25-7.266 Standards for the Management of Specific Hazardous Wastes and Specific Types of Hazardous Waste Management Facilities
- 10 CSR 25-11.279 Recycled Used Oil Management Standards
- 10 CSR 25-12.010 Fees and Taxes
- 10 CSR 25-16.273 Standards for Universal Waste Management

Schedule

- Plan to have stakeholder meetings in late 2019 and early 2020.
- Typically have two (2) meetings.
- Rule effective April 2021.

Methodology

- We will use a basecamp site for the collection and housing of rulemaking information.
- Sign up for the basecamp site by emailing SWMPRules@dnr.mo.gov

Methodology

- Equivalency demonstrations to the EPA for provisions that deviate from the federal rule.
