# Program Schedule

---

Wednesday, November 4, 2020

- 8:05 a.m. Welcome**  
ROGER WALKER, Executive Director, REGFORM
- 8:10 a.m. 2020 Election Analysis. Will it Be: “How’ya Like Us Now?” or “Warning—Massive Pendulum Swing in Progress”?**  
David Shorr will offer his seasoned insights on the election results and what it will mean for Missouri and beyond. Will we stay the course and finish the job at the Federal and State level? Or will we see yet another massive re-write of rules, policies, and enforcement directives? There no longer seems to be a middle ground.  
DAVID SHORR, Partner, Lathrop GPM
- 8:40 a.m. Break**
- 8:45 a.m. 2020 Year in Review/Looking Forward**  
This diverse panel of experts will identify and explore the most important issues from 2020 and how you might focus your attention going forward. This panel will address major policy changes, important issues you may have missed, and bring their collective high-level perspective on recent Federal and State developments.  
DARCY BYBEE, MDNR, APCP Director  
DANA SKELLEY, US EPA Region 7, Director, Air & Radiation Division  
MICHAEL HUTCHESON, Ameren, Chair, REGFORM Air Committee  
BRITTANY BARRIENTOS, Stinson LLP  
GARY PENDERGRASS, Commissioner, MACC  
ROGER WALKER, REGFORM (Moderator)
- 9:30 a.m. Air Pollution Control Program Update**  
The ACP will provide an update on program areas, staffing, and address in more detail regulatory developments in NAAQS, major SIP developments, national and state compliance/enforcement, relationship with EPA, and much more.  
DARCY BYBEE, MDNR, ACP Director  
EMILY WILBUR, MDNR, Chief, Planning Section
- 10:10 a.m. Permitting Section Update**  
This session will focus permitting challenges during COVID-19 including CBI issues, training and communication challenges; comments on the most appropriate use of Plantwide Applicability Limits, time frame on implementation of New Source Review changes, and more.  
KENDALL HALE, MDNR, ACP, Chief, Permits Section
- 10:30 a.m. Overcoming Challenges with Permitting During the Pandemic: A View from the Private Side**  
Lessons learned during COVID-19 from the private side.  
RICK CAMPBELL, Barr Engineering
- 10:50 a.m. US EPA Region 7 Update on Air**  
Dana Skelley is the recently appointed Director of the Air & Radiation Division. She will provide an update on recent and upcoming Federal rules and policies that impact Missouri, including a NAAQS update, Regional Haze, NSR reform, managing COVID-19, ambient air monitoring, emerging air toxics strategies, and the ever-evolving relationship between US EPA and states.  
DANA SKELLEY, US EPA Region 7, Director, Air & Radiation Division
- 11:20 a.m. Plantwide Applicability Limits—Benefits and Limitations**  
In light of EPA’s recent guidance on the Plantwide Applicability Limitation (PAL) provisions under the NSR regulations, we will discuss the benefits and limitations of this underutilized permitting option.  
JOE STOLLE, GeoEngineers
- 11:50 a.m. Lunch Break**
- 12:30 p.m. Welcome to Afternoon Sessions**
- 12:35 p.m. National Compliance Initiatives in Air and Other Thoughts on Enforcement**  
This session will review US EPA’s Office of Enforcement and Compliance Assurance 2018 Report and final enforcement numbers for MDNR. We’ll analyze key trends in civil and criminal penalties, Supplemental Environmental Projects, voluntary disclosure, and other parameters in light of stated policy objectives of deference to states and a renewed focus on compliance assistance.  
DAVID COZAD, US EPA Region 7, Director
- 1:05 p.m. Missouri Compliance and Enforcement Update**  
Richard Swartz will focus his comments on MDNR priorities, compliance issues, interaction with EPA Region 7, managing COVID-19 issues, and more.  
RICHARD SWARTZ, MDNR, ACP
- 1:30 p.m. Aermოდ Update: Refinements and Challenges**  
An update of recent changes to AERMOD and the impact on regulated facilities and regulators.  
JEFF BENNETT, Barr Engineering
- 2:00p.m. New Source Review: Recent Developments**  
The long and winding road to NSR reform will be updated in this session. Where are we in the reform process; what’s been done and what’s left to do.  
KASI DUBBS, Trinity Consultants
- 2:30 p.m. PFAS and the Emerging Air Emission Nexus**  
There is a growing concern about potential air emissions related to diffuse, large-area PFAS deposition as well as the presence of volatile PFAS in industrial products and aqueous film-forming foam. No laws or regulations or standards yet, but this is an area of increasing scrutiny.  
TOM DUNDER, TRC
- 3:00 p.m. Closing remarks**

3:05 p.m. Adjourn

Thank you, MDNR for your assistance and participation
