ENVIRONMENTAL WORKS
OUR EXPERTISE. YOUR SUCCESS.

Program Schedule

Wednesday, November 6, 2024

7:50 a.m. Coffee and Pastries - Lobby

8:30 a.m. Welcome – Salon A/B
ROGER WALKER, Executive Director, REGFORM

8:40 a.m. The Year in Review: A rapid-fire session designed to identify issues that should be on your radar screen
Sometimes obvious. Sometimes hidden gems. Minimal detail as most of these topics will be fleshed out in other sessions. This panel will identify the most important issues, developments, news, policy considerations, and other developments since the last Air Seminar.
STEPHEN HALL, Director, APCP
DANA SKELLEY, Director, Air & Radiation Division, EPA Region 7
JEFFRY BENNETT, Barr
CHRIS WEBER, Trinity Consultants
MICHAEL HUTCHESON, Ameren
ROGER WALKER, REGFORM (Moderator)

9:30 a.m. Air Pollution Control Program Update
Join us for a high-level, informative review of key issues and challenges for the APCP. Topics include: APCP administrative developments, Air Fee Stakeholder Process, Ozone & PM_{2.5} monitoring trends and a Compliance/Enforcement update, with Q&A.
STEPHEN HALL, APCP Director
RICHARD SWARTZ, Chief, Compliance & Enforcement Section
JOSH VANDER VEEN, Chief, Air Quality Analysis Section

10:10 a.m. Break

10:30 a.m. Emergence of Air Toxics as a Key Enforcement & Compliance Issue
Air toxics have always been high on EPA's and MDNR's lists of compliance concerns. Recent proposed changes to the Air Emissions Reporting Requirements (AERR), "Once In, Always In," PFAS air emissions, along with EPA's revised effort to enforce air toxics on the National Enforcement and Compliance Initiatives (NECI) for overburdened communities have raised the profile of air toxics and put thousands more sources on the radar screen: from portable asphalt plants and small manufacturing to chemical facilities and power plants.
ANDREW BROUGHT, Spencer Fane
KELLI DEUTH, Ramboll

11:10 a.m. US EPA Region 7 Update
An EPA perspective on regulatory and policy changes that impact regulated facilities and the Air Pollution Control Program (APCP).
DANA SKELLEY, Director, Air and Radiation Division, EPA Region 7

11:50 p.m. Lunch – Lobby and Salon C

AFTERNOON SESSIONS

12:40 p.m. Air Pollution Control Program – Air Permitting Update
The APCP provide an overview and updates on air permitting. Topics will include Major MACT to Area Source (MM2A) requirements, and an overview/refresher on construction and operating permit requirements.
KENDALL HALE, Chief, Permit Section, APCP

1:10 p.m. APCP Air Quality Planning Update
The APCP will provides updates on some of the most pressing topics in the field of air quality planning. Topics will include the Boundary Designations Process for the 2024 PM_{2.5} standard, the bump-up to Serious classification for the St. Louis ozone nonattainment area, and status update on Missouri's good neighbor plans/obligations for the 2015 ozone standard.
MARK LEATH, Chief, Planning Section, APCP, MDNR

1:40 p.m. Navigating Recent Case Law: Implications for Air Policy and EHS Management
Recent Supreme Court and lower court rulings have disrupted established legal precedents, significantly affecting air policy and EHS management. We will explore the impact of these decisions on State and Federal agencies, and what EHS pros can expect ahead. Key topics: end of Chevron deference, influence of the Major Questions Doctrine on policy, updates on EJ and Title VI, and how legal delays in major issues are shaping State policies.
RICHARD GROENEMAN, Assistant Attorney General, Missouri
SEGOLENE RENAZE, Legal Counsel, MDNR

2:15 p.m. Break

2:35 p.m. Final Changes to RMP and PSM – Implementation Challenges
Ramboll will discuss recent and upcoming developments to EPA and OSHA regulations governing the management of highly hazardous chemicals, specifically EPA's Risk Management Plan program and OSHA's Process Safety Management program. They will also discuss how regulated facilities should adapt to recent changes and plan for more changes on the horizon.
VALERIE GUENTHER, Ramboll

3:10 p.m. Risk and Technology Review Process and Application
We will be going over EPA's process in determining human health risks and how they determine what federal regulations need to be amended. The presentation will include a case study over the recent MON RTR Amendments and how we assisted a facility with complying with the updates.
JOSH LEE, Trinity Consultants

3:55 p.m. NAAQS Update: PM_{2.5} and new SIL - Implementation Issues
Mr. Bennett will address the new PM_{2.5} NAAQS, including: How many areas will be in nonattainment? What impact will the new SIL have on permitting? The

specific process for designations will be discussed along with the implications for designation, permitting, compliance and enforcement.
JEFFRY BENNETT, Barr

Thank you, MDNR for your assistance and participation

4:40 p.m. Adjourn
